BIRTHDAY CELEBRATION
PROPHET MUHAMMAD
& IMAM JA'FAR-E

Investing in
education and
providing
21st century skills
for students are
fundamental
components to the
nation's continued
***Growth and
Prosperity.***

A Word from the Trustee

Assalamo Alaikum Wa Rahmatullahe Wa BarakatoHu,

In the name of Allah (swt), the most beneficent and the most merciful.

Massive thanks to Allah for endless bounties of Allah (swt) and the Masoomen (a.s.) to have blessed us with the mission to embark Green Island Foundation School upon a venture to serve 18 successful years of providing significant and prodigious education to this community.

Here, I humbly offer my profound gratitude to Allah (swt), Prophet Muhammad (s.a.w.w.) and Ahlulbait (a.s.) for have specifically chosen Green Island to transmit the most comprehensive knowledge to our most valuable assets of the community.

The purpose of establishing GIFS is to nurture young minds with strong moral values and skillful education. We are preparing our children to serve the mankind with the best of their intellect, acumen, and pious character.

For this reason, GIFS works earnestly for providing our children with sustainable knowledge to cater their mental, emotional, spiritual, and physical needs to shape their personalities in the most diversified manner, making the GIFS learners the most exceptional not only in this worldly life but also the hereafter.

To ensure the sheer academics deliverance and skill-based education, a team of selective intellectuals, qualified, dedicated, and trained teaching staff is employed who are passionate about their work and always strive to deliver the finest knowledge to our children.

With utmost confidence, I pledge to state that Insha Allah this school will prove to be one of the best selections for community kids to acquire quality education.

This journey of GIFS would not have been successfully conducive without the immense support of our patrons, sponsors, dedicated teachers, supportive parents, and the board of trustees.

I pray to the Almighty to keep this vision expanding remarkably by the grace of Masoomen (a.s.) and grant GIFS strength and courage to uphold this mission, even stronger than it is today with a pious and most sacred will. Ameen.

Regards,

Ghulam Raza Roohani

Academic

Creative

Personal

Our Vision

To foster a stimulating learning environment which actualizes individual potential, caters **academic**, **creative**, **personal**, **physical**, **moral** & most importantly spiritual development & ensures that all students are nurtured to meet the challenges of the world and the hereafter.

Spiritual

Moral

Physical

Our Campuses

Our aim is to provide quality education, based upon academic excellence integrated with fundamental principles of morality, respect and spiritual understanding according to the teachings of Ahlulbait (a.s.). We provide an excellent foundation to our students in all the areas of development and stimulate their natural inquisitiveness. We also ensure safe, secure, and conducive environment where children are under the care of a professional and dedicated faculty and support staff. The learning environment is characterized by enjoyment, interaction, discovery, and curiosity. Alhamdo Lillah! GIFS is substantiated of three campuses:

Main Campus

Main Campus

We have separate campus for boys of ages 2 to 15 years i.e. ECD I till Class X. This well-designed campus is furnished with well-equipped Science Lab, Innovative Library, High-Tech Computer Labs and Digitally Equipped Classrooms to empower our children to meet the challenges of the modern world. The infrastructure also facilitates students with indoor and outdoor games along with an exquisite swimming pool and other interesting features.

Girls Campus

Girls Campus

Significant gender based lifelong learning skills indulged with practical life approach is carried out in proper Islamic hijab from 7 to 15 years i.e. Class III to Class X. Our girls are nurtured here and well-trained by all means.

ECD Campus

ECD Campus

Campus comprises of classes for girls of age ranging between 2 to 6 years i.e. from ECD I to ECD V. The campus is well-furnished with age-appropriate learning tools. The play area is specifically designed in a manner where students learn through playing. The technological approach towards learning is catered through efficacious usage of multimedia in classrooms for making the young learners techno-smart since childhood.

Why GIFS?

Our aim is to:

- Enforce the most well-versed curriculum that caters to meet the finest educational standards.
- Provide sound knowledge of family values, gratitude, etiquettes, folklores, norms, and culture.
- Adopt to Islamic teachings and practices of Ahlulbait (a.s.).
- Empower the children for critical thinking and inquisitiveness to probe their intellectual curiosity.
- Enhance the interpersonal skills of our children to give them confidence, resolute problems and develop professional abilities to meet their future goals.

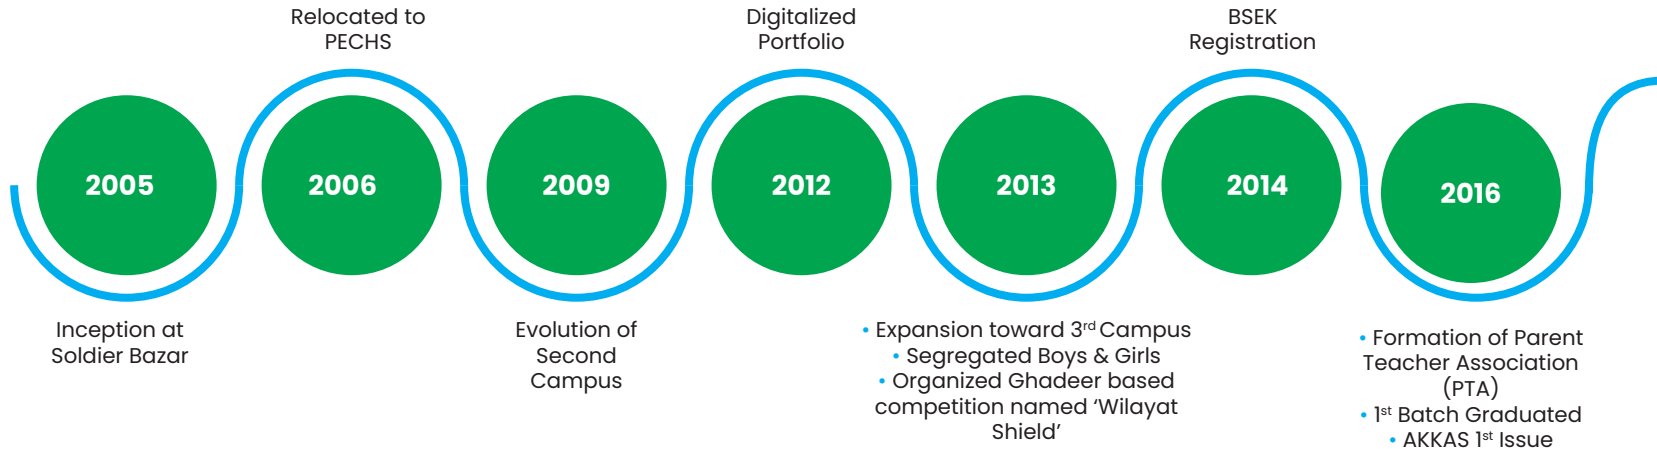

“Childhood is not a race to see how quickly a child can read, write and count. Childhood is a small window of time to learn and develop at the pace which is right for each individual child.”

Magda Gerber

Early Years Make a Difference

Early Childhood Development (ECD) theory relates to the teaching of children (formally and informally) from birth up to the age of eight. At the early childhood level, teachers work on even more basic skills. They foster learning environments that encourage the 21st Century skills i.e. critical thinking, creativity, problem solving, communication, collaboration, global awareness and social responsibility.

ECD System

Our children develop the urge to attend school with a greater interest than a mundane Montessori. At GIFS ECD, we believe in delivering a happy, healthy and productive learning environment, through skillful play and hands on activities that stimulate and trigger sensory abilities of our children. This way we build a robust and sustainable relationship with our students, flourishing their mental, spiritual, social, and emotional needs that differ from individual to individual.

Curriculum

- Curriculum at GIFS is peculiarly designed by our team of experts and is timely evaluated, critically analyzed and fabricated to meet the International Educational Standards blended with Islamic Values.
- To achieve the objective 'Oxford Book Series' are taught right from ECD I till Class VIII. Syllabus of Board of Secondary Education Karachi (BSEK) is integrated from Class IX onwards.
- GIFS Management has stretched far to facilitate the students with personalized Online Practice Portal in collaboration with the Oxford University Press Pakistan, in our revised course "Oxford Discover Series I – VI". The series is exclusively selected to appease the intellectual inquisitiveness of the children.
- GIFS aims to provide academic excellence and education of international standards. Thus, assuring that all delivered knowledge is integrated and caters to its practical implication and prepares our students to become lifelong learners.
- Our course facilitators are skilled at delivering the finest content via modern educational tools and assessment systems.

“ What an educator does in teaching is to make it possible for the students to become themselves.”

(Paulo Friere)

Co-Curricular Activities

GIFS recognizes the importance of well-rounded education. Therefore, the emphasis on holistic education extends beyond the classroom. Students are encouraged to enhance and perceive their interests in different fields. We strongly believe that the development of healthy mind demands academic as well as co-curricular activities. Special programs and activities are organized to celebrate day-to-day auspicious occasions during the academic year such as:

- Project Day
- Picnic
- Field Trips
- Islamic Monthly Activity Sheets
- Annual Program
- Jashn-e-Wiladat-e-Masoomen (a.s.)
- Ashra-e-Majalis, Azadari Procession (Juloos), etc.
- Independence Day Celebrations
- Earth Day Activities
- International Contests (IKLC, IKSC, IBIC, Spelling Bee, ICATS, etc.)
- Defence Day Celebrations
- Akkas Magazine
- Visit to Book Fairs
- Sports Competitions
- Daily Jama'at Namaz
- Annual Result Day
- Practical Art Classes for Girls
- iGAP (International Ghadeer Awareness Program)

Vocational Courses

Significant gender based lifelong learning skills indulged with practical life approach is carried out in proper Islamic hijab. Along with academics, specially organized enrichment programs are introduced every year to equipped them with practical life skills such as Culinary Arts, applying Mehndi, Baking, Stitching, Painting, Yoga, etc.

Enrichment Program

GIFS successfully launched another engaging and skillful program for Secondary Boys during their extended hours. The students are offered different diversity clubs i.e. English Language Teaching, Every Day Science, Life Skills, IT and Fiqh classes specially conducted by **Agha Roohani**, to nurture their spiritual, intellectual, interpersonal and analytical skills.

LEARNING WITH FUN

GIFS inculcate learning through play as per set Early Childhood Development Standards. Certain types of play are associated with, but not restricted to, specific ages.

Cooperative Play

Group play with coordinated goals. Vital for team and leadership skills.

Associative Play

Children begin to play together, but activities are not coordinated.

Parallel Play

Playing side-by-side without interacting is the beginning of socialization.

Constructive Play

Building and creating. Supports visual-spatial, finemotor, and Math skills.

Physical Play

Supports muscle development, healthy exercise, and coordination.

Expressive Play

Expressing feelings through art, reading, and writing vital for creativity.

Competitive Play

Learning about fairness, rules, and taking turns.

Fantasy Play

Imaging and thinking beyond their world. Creative Problem-Solving.

Facilities at Boys & Girls Campuses

BSEK (Board of Secondary Education Karachi)

GIFS is a registered institution of BSEK Examination System. Prescribed board syllabus of SSC part I and II examination has been taught in senior most classes since its inception. It provides option of selecting Biology or Computer stream as per potential and future interests.

PSHE (Personal, Social and Health Education)

Our staff provides students PSHE in almost 60-70% lessons to help develop safe, secure, and healthy learning environment. We also urge strongly to facilitate the GIFS learners, a healthy lifestyle.

Computer Lab

Well-equipped Computer Labs are all set to facilitate the information and technological advancement of our students in both campuses separately, where they learn to develop their technical skills.

Science Lab

Our Science Lab serves the practical implication of experiments for our young scientists to develop a better understanding of scientific concepts and inventions.

Library

Our Library is not just a traditional book bank, rather it facilitates as an 'Interactive Learning Center'. Children learn through memory cards, pictorials, vocabulary builders, board games, etc. This way our students groom their interpersonal skills through their own choice, as well as master their reading, comprehending, and inferring skills to nourish their mental feed.

Arts & Crafts

A learning procedure, to develop the creativity of our students; specifically designed activities (paper craft for interior decoration, DIYs, painting, embroidery, dough making, hemming, carving, etc.) are carried out as per each class level to thrive their interest and polish their fine motor skills.

Home Assignment

Homework at GIFS is carefully planned and taken follow up and feedback throughout. E-alerts are also regulated daily to make sure that our parents, teachers, students are all closely looped.

Sports

GIFS involves its students to participate in various sports activities for strong physical, mental, and emotional growth. They demonstrate their potential as a team in playgrounds and wins several awards.

High-tech Classrooms

GIFS is privileged to facilitate its students with IT enabled classrooms. Each room at Girls and Boys Campuses is equipped with innovative educational resources. Projectors are installed in all classrooms to ensure the lucrative consignment of IT integrated lessons.

Salient Features of GIFS

- Holistic development of the child, which includes developmental domains.
- Foster a sense of independence, self-reliance, and a positive self-image.
- Develop linguistic skills through comprehensive lesson plans.
- Nurture tolerance and respect for diversity.
- Equip the child with life-long learning skills.
- Develop critical and analytical thinking skills.
- Provide opportunities for an active learning.
- Syllabus is vigilantly monitored, skimmed and scanned with a team of experts to filter inappropriate content to meet the finest standards of quality education along with Islamic teachings and practices.
- Well-equipped classrooms and efficient course facilitators possessing digital approach to learning.
- SMART homework policy.
- Digitalized progress reports.
- Provide fresh nutritious snacks daily during lunch break.
- Provide an environment where children can develop spiritually (Namaz-e-Jama'at, Nazra Quran, Islamic events celebrations, Majalis, etc.).
- Student's Enrichment Program during extended hours for Secondary Boys.
- Registered school for National and International Contests (Dawn Spelling Bee, Kangaroo, ICATS, etc.)
- Strong sports coaching and winning participation at National levels.
- International Standard imported Table Tennis Tables along with standardized flooring used throughout Pakistan at National Levels.

Annual Program

Green Island Foundation School has been holding Annual Program since last 16 years in accordance with the birth celebrations of our Holy Prophet Hazrat Mohammad Mustafa (s.a.w.w.) and Imam Jafar-e-Sadiq (a.s.). The program was formerly hosted at Rangoonwala Community Center but this year it was held at Bahria Auditorium Karachi to serve our audience with better facilities of space and seating arrangements.

The focal motive behind holding this phenomenal program is to facilitate each students with live stage performances every year to boost their confidence. All of the items are well organized and timely executed, ensuring the punctuality and quality of themed and moral based content.

The most compelling feature of this program is the recognition award for students on participation in various international competitions and co-curricular activities. All Green Island Trust and School's staff and faculty members are presented with 5gms, 10 gms and 15 gms gold coin along with sheild as an Untiring Service Award on completion of 5, 10 and 15 years of dedicated service respectively.

Another substantial aspect of the program is the Convocation ceremony of passed out batch of BSEK students. Green Island Foundation School takes pride in congratulating its youthful graduates on their academic success and wishing them best for their future endeavors.

The program then completed with **Agha Roohani's** devout speech, sharing his words of wisdom with all his spectators. He tends to show a motivational video to spark our thoughts and take a strong visual message with. The whole program is a delight to viewers' eyes and a great learning experience for its pupil.

- ★ Our 13 students were awarded with Rs. 25,000/- scholarship in 2016-2017, once announced by the government.

Green Island Group of Alumni (GIGA)

At GIFS, we facilitate networking, social events, reunions that aims to include the students in the day-to-day life to support future generations of students. We also provide a wide range of benefits for all our former students, including careers advice, mentoring and professional development.

Green Island Group of Alumni (GIGA) was founded by **Agha Roohani** to keep our former graduates in touch with the school. He says, "It doesn't matter where you are located or what you are doing, you are still part of our GIFS family and we would love to hear from you". Our students are our greatest strength, and we look upon them for transition of knowledge from generation to generation. The second reunion program of GIGA was held in November 2020 at Karachi Club Annexe and was well attended. The outstanding Alumni of GIFS were also awarded with **"Torch Bearer Awards"**.

GIFS Will Remain Ours.

*Like branches of a tree, our lives may
GROW in different directions, yet our
ROOTS remain as one.*

GIFS Professional Development Program

Education & development of children is one of the most important & sensitive tasks. This cannot be achieved without educated, skilled, experienced & passionate teachers. For this purpose, professional development programs are arranged on a regular basis. Our staff enroll in extensive professional courses like M.Ed., B.Ed., PTCC, etc. and attends various workshops, seminars, refinement courses & international conferences being held by ERDC, PTAN, TDC, TRC, SPELT, AKUIED, HF (Hussaini Foundation), etc.

In-Service professional development programs are part and parcel of GIFS culture. Detailed workshops are being conducted during the summer break, facilitated by scholars and educationists. Whereas need based ongoing training sessions continue throughout the academic year.

Parent Teacher Meeting (PTM)

We believe that parental engagement in school, improves student achievement, reduces irregularity and restores parents' confidence in their child's education.

Students with involved parents score higher and have better social skills as well as improved behavior. Therefore, we allow parents to feel free to contact school and we also arrange PTM twice a year where each parent is briefed about their child's overall progress. Teachers also discuss possible strategies to help out the child facing difficulty to cope up.

Parent Teacher Association (PTA)

Alhamdo Lillah! GIFS has adopted the internationally recognized concept of Parent Teacher Association (PTA) and is one of the Pioneer schools in Pakistan in holistic child development. PTA is a formal organization comprising of Parents, Teachers, and Staff that intended to facilitate parental participation in the school system.

Agha Roohani has already conducted several sessions with the members after its formation. He shared different current issues for the betterment of the school and students. Changes are being brought accordingly.
